General Marking Principles for National 5 English: Critical Reading

This information is provided to help you understand the general principles you must apply when marking candidate responses to questions in this Paper. These principles must be read in conjunction with the detailed marking instructions, which identify the key features required in candidate responses.

- (a) Marks for each candidate response must always be assigned in line with these General Marking Principles and the Detailed Marking Instructions for this assessment.
- (b) Marking should always be positive. This means that, for each candidate response, marks are accumulated for the demonstration of relevant skills, knowledge and understanding: they are not deducted from a maximum on the basis of errors or omissions.

The Marking Instructions indicate the essential idea that a candidate should provide for each answer.

18.		8	<p>Candidates should discuss the portrayal of Duror in this extract and elsewhere in the novel.</p> <p>This passage is a culmination of Duror’s plot to get rid of the cone gathering brothers, Callum and Neil. The passage holds a great deal of information but we will focus on the parts specifically pertaining to Duror.</p> <p>Throughout the novel there is an irrational animosity towards Callum and Neil, but mainly Callum displayed by the gamekeeper, Duror and this passage is the watershed which signals his descent into madness.</p> <p>His intention had been to use the deer hunt as a means to cause Callum harm or distress resulting in a more overt obsession.</p> <p>He has an obsessive hatred for Callum because he has detested anything misshapen since his younger days and this has manifested itself in his disgust of his bedridden wife whom he cannot even touch.</p> <p>He is embittered because of the situation he finds himself in including his relationships with his mother in law, his repeated rejection by the army as this is set during the war and his sense of frustration towards his employer Lady Runcie-Campbell whom he desires but it is a one sided desire.</p> <p>Candidates may choose to answer in bullet points in this final question, or write a number of linked statements. Question	Expected Answer(s)	Max Mark	Additional Guidance
	<p>L5 Duror caught sight of them and rushed in pursuit this is a literal pursuit in the extract but is also the pursuit of his goal to get rid of the brothers throughout the novel, an irrational pursuit.</p> <p>L17 The dogs barked fiercely and Duror fired his gun the word choice of barked fiercely and fired contrasts with words to describe Callum in this extract such as silent and desperate.</p> <p>L22 Duror bawled to his dogs a line filled with hard sounding consonants and plosives By his would be attack on the brother, it is as if he is simultaneously acting unnaturally and attacking nature itself. This is evident through the word choice of screaming to describe the noise made by both Callum and the deer.</p> <p>Not only is Callum associated with animal symbolism, Duror himself latterly in the novel can be seen as embodying evil and darkness and in this rural setting can be seen to represent the serpent from the Garden of Eden. It is paradoxical in that his role within the novel is as a gamekeeper on a large estate who should maintain control of the animals.</p> <p>At the end of this extract, Duror came leaping out of the wood and seemed to be laughing in some kind of berserk joy. This overt display of madness contrasts with the reactions of the other witnesses to this event, Captain Forgan, Young Roderick and Lady Runcie-Campbell who are standing petrified.</p> <p>His abnormal reaction foreshadows his descent into madness and irrational behaviour which leads ultimately to the tragic ending, the murder of Callum and his own suicide.</p>		<p>(maximum of 2 marks only for discussion of extract)</p> <p>from at least one other part of the text:</p> <p>as above (x 2) for up to 4 marks</p>

This allows Morgan to explore the idea of the value of religion in modern society.</p> <p>In 'Trio' all three characters are interesting because through them Morgan explores the central idea of love. He details the objects they carry and celebrates the happiness they radiate.</p>	8	<p>Candidates may choose to answer in bullet points in this final question, or write a number of linked statements. Critical Essay

If minimum standards have been achieved, then the supplementary marking grid will allow you to place the work on a scale of marks out of 20.

Once an essay has been judged to have met minimum standards, it does not have to meet all the suggestions for it to fall into a band of marks. More typically, there will be a spectrum of strengths and weaknesses which span bands.

Marking Principles for the Critical Essay are as follows:

- The essay should first be read to establish whether it achieves relevance and the standards for technical accuracy outlined in the supplementary marking grid.
- If minimum standards are not achieved, the maximum mark which can be awarded is 9.
- If minimum standards have been achieved, then the supplementary marking grid will allow you to place the work on a scale of marks out of 20.

Note:

Using the supplementary marking grid:

Bands are not grades. The five bands are designed primarily to assist with placing each candidate response at an appropriate point on a continuum of achievement. Assumptions about final grades or association of final grades with particular bands should not be allowed to influence objective assessment.
